### **2. Inactivity Fees**

Fees may be payable by you by virtue of the fact that the Platform is continually provided to you for trading, regardless of your actual use. If there are no transactions (deposits, withdrawals or newly opened positions) on your Account for a period of at least 1 (one) month or more, the Company reserves the right, to charge a monthly inactivity fee on your Account, in return for the provision of the continued availability of your Account. You agree that you are liable to and will pay the applicable fee as notified to you from time to time and that we may deduct such fee from any funds held by us on your behalf.

### **3. Spread Information**

Spread is the difference between the bid(sell) and ask (buy) price. The difference is presented in pips and reflect the cost of opening a position.

### **4. Swap Information**

Swap is the interest added or deducted from the value of your position and is only charged when a position is held open overnight. For commodities and indices there is a fixed swap fee for keeping the position open overnight.

Although there is no rollover on Saturdays and Sundays when the markets are closed, banks still calculate interest on any position held over the weekend. To level this time gap, XPro Markets applies a 3-day rollover strategy on Wednesdays.

## **5. Deposit Fees**

While the Company does not charge fees for deposits, additional processing fees and currency exchange rate adjustments may be levied by the payment service provider, depending on your preferred deposit option.
